

Nanotechnology Experiences for Students and Teachers (NEST) - for Students

Attention, High School freshmen, sophomores, juniors, and seniors!

Join us on a fascinating journey through the cutting-edge field of nanotechnology at a summer camp on the IUPUI campus.

- Gain hands-on laboratory experience
- Work with world-renowned faculty
- Engage in daily research and learning activities
- A \$500.00 stipend is available to students who demonstrate financial need, or 21st century scholars, or from high-need/socioeconomic school districts
- Engage in faculty mentored academic year independent research
- Earn a college credit hour and enjoy the benefits of being college-student at IUPUI

Program Dates: June 19-June 30, 2017
